EDUCATION

Chandigarh University

Bachelor of Computer Applications

Mohali, PB

Aug. 2023 – May 2026

PROJECTS

LinkForge | *React.js, Node.js, Express.js, MongoDB, JWT, REST API, CSS*

May 2026 – Jul 2026

- Built a full-stack URL Shortener application using the MERN stack.
- Implemented JWT-based authentication with secure signup, login, and protected routes.
- Developed URL shortening, custom aliases, QR code generation, and click analytics.
- Designed RESTful APIs and managed data using MongoDB and Mongoose.
- Applied middleware, input validation, and centralized error handling.
- Deployed the application using Vercel, Render, and MongoDB Atlas.

StaySphere API | *Node.js, Express.js, MongoDB Atlas, Mongoose, JWT, bcrypt*

May 2026 – Present

- Built a RESTful backend API for hotel staff and menu management using Node.js and Express.js.
- Implemented JWT-based authentication with secure password hashing using bcrypt.
- Developed CRUD APIs with MongoDB Atlas and Mongoose for efficient data management.
- Applied MVC architecture, input validation, and centralized error handling.
- Deployed the API on Render and managed configuration using environment variables.

SignFlow | *JavaScript, HTML, CSS*

Jan 2026

- Built a digital signature pad web application using HTML Canvas, JavaScript, and CSS.
- Implemented real-time signature drawing with customizable brush size, color, and background.
- Added features to save, retrieve, clear, and download signatures using Canvas API and localStorage.
- Used event-driven programming to deliver a smooth and interactive drawing experience.

Momentum App | *React.js, JavaScript, CSS*

Jun 2026

- Built a responsive Todo application using React.js and React Hooks.
- Implemented CRUD operations with real-time UI updates.
- Designed a responsive interface with custom CSS animations.
- Managed application state using `useState`.

TECHNICAL SKILLS

Languages: JavaScript, Java(familiar), C, C++(basics)

Frontend: HTML, CSS, Bootstrap, React.js

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MongoDB Atlas, SQL(familiar)

Tools: Git, GitHub, Postman, VS Code, Render, Vercel

SOFT SKILLS

- Analytical Thinking, Problem Solving, Adaptability
- Communication, Collaboration, Time Management
- Attention to Detail, Debugging
